## Side Project—Connect Reddit to social network

It's just fun to make a project that connects reddit to telegram with api  
For sending posts

## Side Project—Bitly Clone url Shorter

It's fun to make project that shorten the url with express mongodb for  
myself

## EDUCATION

### University, Khorasan,Torbat-heydarieh — *Bachelor of SE*

jun 2015 - 2020

Started learning software engineering at University but in my opinion self  
education is better than university
